

# NOVEMBER

This week we have been very busy over the hall getting ready for the Nativity. In class, we have been making props for the show and learning about why some people celebrate Christmas. We have also completed our family trees in class, the children loved talking about their loved ones and drawing pictures of their family members. We enjoyed playing football on the big yard and talking about Jack Frost in class.

Today we enjoyed putting up our Christmas tree in class, the festivities have started!! For homework this week, please can your child make a tree decoration to put on our class tree? Remember it doesn't matter what the decorations look like, the most important thing is that you have fun with your children.

Our letter for next week is 'f' for flower. The rhyme is 'down the stem and draw the leaves'. Please bring something that starts with 'f' for our sound box to share in class.

Many thanks for all your support,  
Mrs Jeffries
