

PARTY TIME!!

Your task is to plan a party within a given budget.

Scenario 1

The party is for 10 young children. You would like some sort of entertainment and games that have prizes. Obviously you will be requiring food and drink too - and not forgetting, of course, a cake. Your budget for the whole party is £ 90.

Look at the list of prices below and calculate what you can afford within your budget. Remember you cannot go a penny over!

Items	Cost
<u>Food and Drink Options</u>	
5 packets of crisps	£1
Packets of cheese straws	£1 approximately 10 in a pack
