W.A.L.T: Calculate percentages of amounts

Copy the spider diagram into your book then calculate the missing amounts. Once you have finished, answer the questions.

Use the information in your spider diagram to work out...

- 1) What is 57% of 550?
- 2) What is 23% of 550?
- 3) What is 49% of 550?
- 4) What is 68% of 550?
- 5) What is 98% of 550?
