W.A.L.T: Calculate percentages of amounts

Copy the spider diagram into your book then calculate the missing amounts. Once you have finished, answer the questions.

Use the information in your spider diagram to work out...

- 1) What is 55% of 200?
- 2) What is 21% of 200?
- 3) What is 70% of 200?
- 4) What is 60% of 200?
- 5) What is 26% of 200?
